A Word from Sheriff Nicholson

Welcome to the 2022 Gilmer County Sheriff's Office Annual Report. This will be the thirteenth year that we have presented to the community a comprehensive annual review of our agency's activities and accomplishments. This report remains one of the many ways that we provide transparency and accountability to the citizens that we proudly serve.

Our agency will continue to provide the community with every opportunity, within the limits of the law and legal restrictions, to understand not only what we do, but also why we do it. We remain proactive in engaging with those we serve on a daily basis. Some examples of our agency's outreach to the citizens include our Facebook and Instagram pages, our website www.gilmercountysheriff.com, this annual report and our highly successful citizens law enforcement academy. We believe that transparency in government is the first step in building and maintaining trust in government!

In today's turbulent "political environment," it is of the utmost importance that the citizens and visitors look to the Sheriff's Office with confidence, trust and without fear. We are an integral part of this community and we are not an "occupying force" that creates mistrust and, yes, even fear. We strive through training and leadership to keep our interactions with every person straight forward and professional.

In the past few years, our nation has experienced great tragedies with several "mass shootings" involving the most innocent of victims. Our children are our most treasured resource and in partnership with the Gilmer County School system we have placed a deputy sheriff in every public school in our county.

I remain a strong advocate for protecting the 2nd Amendment rights for all law-abiding citizens to keep and bear arms, as well as the legal right of every Georgian to protect themselves from anyone wishing them harm.

Finally, I am very proud of each and every member of this agency. As your Sheriff, I am committed to maintaining the professionalism, compassion and transparency that our community deserves.

Thank you for your interest in exploring the Gilmer County Sheriff's Office. "It belongs to YOU. I am only the conductor for a period."

Mission Statement

The primary mission of the Gilmer County Sheriff's Office is to maintain social order within the prescribed ethical and constitutional limits, while providing professional law enforcement services.

To attain this, the Agency enforces the law in a fair and impartial manner, recognizing both the statutory and judicial limitations of police authority and the constitutional rights of all persons.

The agency recognizes that no law enforcement agency can operate at its maximum potential without supportive input from the citizens it serves. The Agency actively solicits and encourages the cooperation of all citizens to reduce and limit the opportunities for crime and to facilitate the maximum use of resources.

The Law Enforcement Code of Ethics

As a law enforcement officer, my fundamental duty is to serve mankind; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation, and the peaceful against violence or disorder; and to respect the constitutional rights of all men to liberty, equality and justice.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or to my agency. I will maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my Department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, animosities or friendships to influence my decision. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith and I accept it, as a public trust to be held so long as I am true to the ethics of the police service. I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession...Law Enforcement.

The Detention Officer Code of Ethics

As a Detention Officer I regard myself as a member of an important and honorable profession

I will keep myself in the best possible physical condition at all times

I will perform my duty with efficiency at all times

I will be exemplary in my conduct, edifying in my conversation, honest in my dealings and obedient in the laws of the city, county, state and country

I will regard my oath as I regard sacred honor

I will not, in the performance of my duty, work for personal advantage or profit

I will at all times recognize that I am a public servant

I will give the most efficient and impartial service of which I am capable at all times

I will be courteous in my contacts at all times

I will regard my fellow officers with the same standards as I hold myself

I will guard the honor and life of my fellow officers as I guard my own

I will be loyal to my fellow officers, my supervisors and my institution

I will accept responsibility for my actions

I will only do those things that will reflect honor on my fellow officers, my institution and myself

TELECOMMUNICATOR'S CODE OF ETHICS

As a tele-communicator I regard myself as a member of an important and honorable profession.

I will recognize the positive relationship between good physical and mental conditioning and the performance of my job.

I will perform my duty with efficiency to the best of my ability.

My conduct and my performance of my duties will be accomplished in an honest manner, contributory to my fellow workers, and observant of the laws of the city, state and country.

I will not, in the performance of my duty, work for unethical advantage or profit.

I will recognize at all times in my duty that I am a public safety employee, and that ultimately I am responsible to the public.

I will give the most efficient and impartial service of which I am capable at all times.

I understand the importance of courtesy and will maintain it as my reference point in all my duties.

I will regard my fellow tele-communicators with the same standards as I maintain myself.

I share a reciprocal affinity and obligation with my fellow tele-communicators, my administration, and my agency.

I will accept responsibility for my actions.

I will strive for those values which will reflect honor on my fellow tele-communicators, my agency and myself.

The Gilmer County, Georgia Sheriff's Office

2022 Annual Report

Gilmer County, Georgia was created in 1832 from part of what was then Cherokee County. The county is 432 square miles in area, and according to United States Census Reports the estimated population of Gilmer County in 2021 was 32,026. In 2000, the population was 23,456 and in 1990 there were 13,368 people living in Gilmer County. The population of our county has more than doubled in less than thirty years!

The Gilmer County Sheriff's Office is a professional, progressive full service law enforcement agency dedicated to providing the best possible service and protection to citizens and visitors in our community. The Sheriff's Office is charged with providing general law enforcement and investigative services throughout the unincorporated areas of Gilmer County. The Gilmer County Sheriff's Office provides uniformed patrol, criminal investigations, traffic accident investigation, school resource officers, court security and civil process service, prisoner transportation, warrant service, crime prevention and operation of the adult detention center.

The Sheriff's Office provides service and protection to citizens and visitors twenty-four hours a day, 365 days a year. The agency responds to all emergency and non-emergency calls received by the agency's 911 center.

In December 2022, the Gilmer County Sheriff's Office had one hundred employees not including Sheriff Nicholson. Sixty of these were State of Georgia certified peace officers (Deputy Sheriffs), eighteen were sworn detention officers and sixteen were communications officers. There were six civilian personnel working in administrative positions.

Our agency is led by Sheriff Stacy L. Nicholson. Sheriff Nicholson is the 36th man to be elected Sheriff in Gilmer County's one hundred and eighty six year history. Sheriff Nicholson was first elected in 2004 and was sworn in as Sheriff in January 2005. In 2020, Sheriff Nicholson was re-elected without opposition for his fifth four year term.

The Sheriff is the chief law enforcement official in the county. The Sheriff is also a constitutional officer provided for by the Georgia State Constitution.

The Sheriff's Office is described in the State Constitution as one of four independently elected county officers.

The Sheriff is not, without unusual circumstances, appointed by a governmental body and is not subordinate to the county government. The sheriff is elected by the citizens and is directly responsible to them. Thus, the sheriff is the only law enforcement official to be selected by and accountable directly to the citizens he or she serves.

In March, 2008, the Gilmer County Sheriff's Office became only the twelfth Sheriff's Office in the State of Georgia to attain Law Enforcement Certification. The agency has maintained the level of professionalism that certification requires and in February 2011 attained recertification. Only through the efforts of the entire agency has this process been accomplished. The agency was successfully inspected for state law enforcement recertification in February 2014. The agency successfully completed its third state law enforcement recertification inspection in February 2020 and will be reinspected in February 2023.

In August, 2011, Sheriff Nicholson created the Gilmer County Sheriff's Office Citizens Law Enforcement Academy. This on-going public relations program brings members of the community into the agency for a fourteen week course consisting of presentations, tours and riding on patrol with deputies. The goals of this program are to bring the community and the agency closer together and foster better understanding between citizens and law enforcement. In today's environment of growing mistrust between communities and law enforcement, it is of the utmost importance that lines of communication remain open and agency transparency be maintained.

Since the first session began in August of 2011, almost two hundred Gilmer County citizens have attended the fifteen citizen law enforcement academy sessions. In 2022, one session of CLEA was conducted, graduating eleven students.

This document was created to provide our citizens, visitors and agency members with a snap shot view of *their* Sheriff's Office and offer a glimpse of the extraordinary men and women who protect and serve our community on a daily basis.

The Office of the Sheriff, A History

The Office of the Sheriff is one of antiquity. It is the oldest law enforcement office known within organized civilization. One of the earliest mentions of the "Sheriff" is in the King James Version of the Bible. In *Daniel, Chapter 3: 3*, Sheriffs are mentioned as supervisors under King Nebuchadnezzar of Babylon.

The Office of the Sheriff is one that evolved out of necessity. Without the laws that required enforcing, there would have been no need for the Sheriff.

The Office of the Sheriff as we know it today originated in early England. Sheriffs have served and protected for well over 1000 years. Around 500 A.D., Germanic tribes from Europe called the Anglo-Saxons invaded England. This invasion resulted in the consolidation of England as an Anglo-Saxon kingdom.

King Alfred the Great who reigned from 871 to 901 A.D. divided England into geographic areas called "shires." He appointed "Reeves" or overseers to manage the shires in the name of the King. These shires evolved into our modern day counties. As the English language changed over the years, the "Shire-Reeves" as the King's representatives were known became the Sheriff.

In 1116, King Henry I delegated the power to investigate and arrest for crimes against the newly established Penal Code to the Sheriff. In 1215, King John signed the English Magna Carta which established basic rights and freedoms for the people of England. In the Magna Carta, the Sheriff retained the critical task of "keeper of the peace." The role of the Sheriff is prominently mentioned throughout the Magna Carta.

In 1634, the Office and traditions of the Sheriff were brought to the New World. In the newly formed colony of Virginia, one of the first acts performed was the election of the Sheriff.

In the American Colonial period, the Sheriff was a central figure as towns and communities were formed in the New World. As these colonial governments were established, the Sheriff became an officer of the court, collector of public taxes and private levies, keeper of prisons and the public hangman. As the chief arresting officer the Sheriff was required to "Lay hands upon the accused, use all and sundry force to open all doors and commandeer any person, any entity or enactment to accomplish his commission."

In the 18th and 19th centuries, American Sheriff's continued to be tasked with a broad range of duties by the colonial and later state legislatures. Some of these duties included maintaining jails and workhouses, general law enforcement, keeping the peace and the handling of criminals throughout the judicial process.

The Office of the Sheriff has been held in high esteem by the American public dating back to before the Revolutionary War. George Washington's father was a Sheriff in colonial Virginia. Thomas Jefferson wrote in his constitutional assessments that "The Office of the Sheriff is the most important of all executive offices of the country."

Today in the United States there are more than 3,000 counties. In all but twelve of these counties, the Sheriff is elected and answers directly to the electorate.

Although the Sheriffs of today do not have the same responsibilities and duties of the ancient Shire-Reeves appointed by English Kings, they hold the position as chief law enforcement officer in the county and are elected by those they serve.

The duties of the modern Sheriff vary from state to state. In the State of Georgia, the Sheriff is active in all three branches of the criminal justice system: law enforcement, the courts and corrections.

Article IX, Section 1, Paragraph III of the State of Georgia Constitution establishes that the Sheriff is one of four constitutional officers elected by the citizens. In Georgia, the Office of Sheriff is considered to be both a constitutional office and a county office. The constitutional status of the Office of the Sheriff is evolved from English common law, and from the constitutional provisions extended to certain offices in existence when the first State of Georgia Constitution was ratified.

In Georgia, upon election, Sheriffs serve four year terms and have no term limit other than the will of the people.

Many of the functions and duties of Sheriffs in the State of Georgia are mandated by Georgia Code.

The Office of Sheriff was established in Gilmer County in 1832 when the county was formed from parts of Cherokee County. The first Gilmer County Sheriff was Levi A. Huffstetler who served from 1833 through 1834. In the one hundred and eighty nine year history of Gilmer County, 36 men have served as the Sheriff. Our current Sheriff is Stacy L. Nicholson, who has served the citizens of Gilmer County since he was first elected in 2004.

Office of the Sheriff vs. Sheriff's Department

What is the difference between the Office of the Sheriff and other county departments? To answer this question, one must understand the definitions of each term. Black's Law Dictionary, defines the terms as follows:

Department: *"One of the major divisions of the executive branch of government...generally, a branch or division of governmental administration."*

Office: *"A right, and correspondent duty, to exercise a public trust."*

The holder of the Office is under a public charge and is duly elected to exercise a public trust. The Sheriff is not appointed by a government body and is not subordinate to the county government. The Sheriff is elected by the people and is responsible to them and as such, is the only law enforcement official that is selected directly by and accountable to the citizens.

Clearly, the Office of the Sheriff is not simply another department of the county government.

Sheriffs and their deputies provide public safety service by mandate and tradition.

Today's Sheriffs are responsible for protecting human life, maintaining the public peace and order, protecting the rights of individuals and their property, crime prevention and the enforcement of laws and ordinances without discrimination or favor.

Captain Crump has spent much of his career in uniformed patrol working both day and night shifts. He also was briefly assigned to the Court Services Division during this time. In 2007, he was promoted to sergeant and assigned as a shift supervisor and field training officer in the Field Operations Division. In 2012, Brian Crump was promoted to lieutenant and assigned as a shift commander at the Adult Detention Center. In 2013, then Lieutenant Crump was transferred from the Detention Division to the Field Operations Division where he assumed duties as the patrol night shift watch commander. On April 4, 2016, Brian Crump was promoted to Captain and assigned as the Uniformed Patrol Division Commander.

Captain Crump is a graduate of Reinhardt College where he received his Bachelor of Criminal justice degree. Captain Crump is also a graduate of the State of Georgia Law Enforcement Professional Management program. He is a recognized traffic accident reconstruction expert, and a certified field training officer. In recognition of his experience and continuing advanced training, Captain Crump has obtained the highly respected Georgia Sheriff's Association Senior Deputy Certification.

In addition to his duties as Uniformed Patrol Division Commander, Captain Crump also serves as the senior advisor for the Gilmer County Sheriff's Office Explorer Post. He is a founding member of the agency's Honor Guard and is active in the GCSO Citizens Law Enforcement Academy as a presenter.

Captain Crump is a certified Crisis Intervention Team member. During his career, Captain Crump has completed over 2,400 hours of advanced training. Captain Crump has received several awards from the Mothers against Drunk Driving organization for his accomplishments and commitment to their cause. Captain Crump was named the Detention Division Officer of the year in 2002, Field Operations Division Deputy of the Year in 2007 and 2009.

Lieutenant George D. Ellis, Certification Manager

Lieutenant George Ellis serves as the agency's state law enforcement certification manager. He also serves as the agency grant manager and coordinator of the citizen law enforcement academy.

Lieutenant Ellis is a forty four year law enforcement veteran, beginning his career in 1978 with the Winter Springs, Florida Police Department. In 1979, he was hired by the Orange County, Florida Sheriff's Office. He retired from that agency in September 2005 as a Lieutenant after a twenty six year career.

During his career, Lieutenant Ellis has worked in uniformed patrol, motorcycle and DUI units, street vice, narcotics and organized crime units, community affairs, SWAT, underwater search and recovery, honor guard and training. He was an instructor in the Central Florida Criminal Justice Institute in Orlando, Florida for over 20 years. He is certified as police motorcycle instructor, and while in Florida conducted investigations related to cults and ritual related crimes.

George Ellis joined the Gilmer County Sheriff's Office in July 2008 as a patrol deputy. In November 2009, he was appointed to his current position by Sheriff Nicholson. He was promoted to sergeant in August 2012, and to lieutenant on January 5, 2015.

Lieutenant Ellis holds a Bachelor of Arts degree in Criminal Justice Administration from Columbia College. He is a graduate of the 106th Administrative Officers Course, and the 33rd Command Officer Development Course at the University of Louisville's Southern Police Institute. During his career, Lieutenant Ellis has completed over 5,000 hours of advanced and in-service training.

Lieutenant Ellis is a State of Georgia certified criminal justice instructor, field training officer and departmental training officer. He is Georgia crisis intervention team qualified.

George Ellis is a State of Georgia Law Enforcement Certification Manager and Assessor. He is also qualified as a CALEA Accreditation Manager.

Lieutenant Ellis is a United States Marine Corps veteran having served from 1973 through 1978 as an infantryman. He was honorably discharged from Marine Corps active duty in 1978 holding the rank of Corporal.

He graduated from Winter Park High School in Winter Park, Florida in 1974.

He was promoted to detention sergeant in 2011, then he graduated from the law enforcement academy in 2012 and became a deputy sheriff. William Bryan was promoted to sergeant in 2018 and then promoted to lieutenant in July 2022 when he assumed his current duties.

Lieutenant Bryan has over 1,300 hours of advanced and continuing education and is certified as a crisis intervention team member. He is active as a presenter in the agency citizens law enforcement academy as well. In 2014, he was honored as the Field Operations Division Deputy of the Year.

William Bryan grew up in Union County, Georgia. He is an avid outdoorsman and enjoys hunting and fishing. He is also a motorcycle enthusiast and enjoys riding to different states.

COMMUNICATIONS DIVISION

The Gilmer County Sheriff's Office Communications Division is commanded by Captain Frank Copeland. This division is located in a new, state of the art communications center which opened in 2009.

Communications Division officers staff the communications center 24 hours a day, 365 days a year. Communications Division personnel work 12 hour shifts. Each shift is supervised by a communications sergeant.

Division operators are responsible for all public safety related communications within Gilmer County. Operators are responsible for receiving all 911 emergency calls and non-emergency calls on the 706-635-8911 non-emergency telephone line.

The Sheriff's Office Communications Division is responsible for dispatching and communications support for the following agencies:

- Gilmer County Sheriff's Office
- Gilmer County Fire/Rescue Department
- Gilmer County Emergency Medical Service
- City of Ellijay Police Department
- City of Ellijay Fire Department
- City of East Ellijay Police Department

Communications officers are considered the "life line" for the law enforcement, fire service and emergency medical personnel of Gilmer County. Communications personnel are the vital link

between a citizen in crisis or in need and the public safety personnel sworn to protect and serve. Communications officers are also tasked with running teletype checks for wanted persons and warrants checks. They conduct vehicle registration and tag checks when requested by law enforcement officers. Driver's license status checks are also performed by communications officers. The Communications Division conducts criminal background checks for the public upon request.

The Communications Division serves as Gilmer County's link to the National Crime Information Center (NCIC) as well as the Georgia Crime Information Center (GCIC). All law enforcement agencies in Gilmer County make inquiries to NCIC and GCIC through our communications center.

Enhanced 911

The Gilmer County Sheriff's Office Communications Center is equipped with an Enhanced 911 (E-911) system. The Federal Communications Commission is rolling the E-911 system out in three phases. The Gilmer County Sheriff's Office E-911 system is in Phase II which is the most advanced of the three. When a call comes in to the GCSO Communications Center, the operator is provided automatically with the following information:

Landline Telephone:

- Calling Telephone Number and Physical Address
- Name that the telephone number is registered in
- Prior call history at address

Cellular Telephone:

- Calling Cellular Telephone Number
- Cellular Carrier
- Calls can be tracked on map

A little known fact is that a person can dial 911 from a cellular telephone even if it is not active. All that is needed is power and a signal.

Computer Aided Dispatch

Computer Aided Dispatch, commonly referred to as CAD, is used to enter all information received from a 911 or non-emergency caller. This information is entered into the computer by the communications officer. The CAD tracks all information such as the time the call was received and the time it was dispatched. All of these data are then available for future reference and as information to units responding to the same address on subsequent calls for service. The system is fully compatible with Mobile Data Terminals (In-vehicle computers) when this technology is obtained by Gilmer County.

Addressing

The Addressing and Mapping Section is an integral part of the Communications Division. The addressing and Mapping section determines the addresses of all new construction in Gilmer County. Due to the predominately rural nature of Gilmer County, addressing is done via a "metering system." This system measures distances from the beginning of a road to the location's driveway. Public safety services are then able to know the approximate distance to an address from an intersection or beginning of a road.

The section also changes addresses when required and provides descriptions of structures at a location to the public safety units responding. Addressing and Mapping section personnel assist the public with concerns they might have regarding their address. Correct addresses can be confirmed through the section's computer database which is updated daily. This section provides current address information to other county agencies such as the Tax Assessor and county planning and zoning.

The Addressing and Mapping Section has a Geographical Information System which keeps mapping current throughout Gilmer County. This information is provided to communications officers via the computer aided dispatch system and provides the most up to date data possible. This provides emergency services units with timely information on new or existing streets, structures, forest service trails and landmarks. This function is invaluable in assisting public safety units in responding in a timely manner to the correct locations when called.

Other duties of the Addressing and Mapping Section are:

- Assists the public with Criminal History and Open Records requests
- Maintains the telephone database which ensures the proper telephone number is reflected when a call for service is received by the communications center

- Maintains a database of all addresses in Gilmer County including a description of each address
- Developed and maintains a direction guide for every road in Gilmer County
- Developed and maintains an Emergency Service Number (ESN) database which ensures the correct public safety personnel respond to any call for assistance within Gilmer County

COMMUNITY RESOURCES DIVISION

The Community Resources Division is commanded by Captain Michael Gobble. The division was created by Sheriff Nicholson in January of 2013 in furtherance of the goal of making the agency more responsive to the community that it serves. The Community Resources Division provides numerous citizen oriented programs such as safety programs, crime prevention and awareness presentations and other interactive community based activities. The School Resource Unit is the primary unit assigned to the Community Resources Division.

The Gilmer County Sheriff's Office School Resource Unit consists of one lieutenant, and five deputies. Each member of this unit has received specialized training as a school resource officer. Each School Resource Deputy is also certified as a Georgia Sheriff's Association C.H.A.M.P.S (Choosing Healthy Activities and Methods Promoting Safety) instructor.

The School Resource deputies are assigned to one or more schools within the Gilmer County School System.

When schools are in session, the School Resource Deputies spend their daily tours of duty at their assigned schools.

While at their assigned schools, Resource Deputies provide a variety of services:

- Act as a highly visible law enforcement representative on the school campus providing safety and security for students, faculty and staff, and visitors
- Act as an extension of the school administration in matters involving crimes or in unique situations as requested by the administration
- Provide a positive role model for the students

- Conduct the 12 week course of instruction in the Georgia Sheriff's Association approved C.H.A.M.P.S. (Choosing Healthy Activities and Methods Promoting Safety) Course for all fifth grade students.

- Act as a resource for school administration, teachers and staff, students and parents in dealing with non-criminal problems or issues
- Provide security at school related extracurricular activities, such as sporting events
- Make presentations to students, faculty and staff in matters related to gangs, drug or alcohol abuse, school violence, bullying and other crime related issues

The agency's School Resource Deputies play a vital role in maintaining a safe and secure learning environment for students on campus as well as giving students the opportunity to interact with the deputies on a personal, non-enforcement level.

In addition to the duties the School Resource Deputies perform at their schools, they are an important part of the Sheriff's Office community relations function. They also investigate crimes that occur upon Gilmer County Board of Education property.

Deputies of the School Resource Unit make presentations at School Career Days, present gang awareness classes, alcohol and drug awareness classes, DUI prevention demonstrations, and racism awareness classes. Classes in bullying prevention and awareness were also conducted by School Resource Deputies in Gilmer County schools.

The School Resource Unit provides valuable assistance to the Detention, Uniformed Patrol and Court Services Divisions by providing additional personnel to these units when schools are not in session.

All of Gilmer County's School Resource Deputies are members of the Georgia Association of School Resource Officers.

COURT SERVICES DIVISION

The Court Services Division is commanded by Captain Howard Ensley. The Court Services Division is based out of the Gilmer County Courthouse and is tasked with numerous responsibilities. The Court Services Division is part of the Headquarters Bureau and consists of one Captain, one Lieutenant, one Sergeant, one Corporal, three full-time sworn Deputies, a warrants clerk and an administrative assistant.

This Division is primarily responsible for the security of the courthouse and also for the safety of Judges, jurors, attorneys, courthouse employees and visitors to the building. These deputies are tasked with ensuring the safe and undisturbed functioning of the courthouse.

The Court Services Division is also responsible for providing security at non court related activities within the courthouse such as County Commission meetings.

The Court Services Division is responsible for serving and executing arrest warrants, civil process, such as evictions and writs, as well as summons, probate orders and condemnations.

Another important function of the Court Services Division is that of extraditions and prisoner transport. The deputies of the Court Services Division are tasked with traveling out of the county and on occasion outside of the State of Georgia to return fugitives to Gilmer County to face trial. Deputies assigned to this division are also tasked with transporting convicted felons to state prisons as well as returning them to Gilmer County for any required court proceedings.

The Court Services Division is also responsible for transporting juvenile offenders to and from juvenile detention facilities.

Deputies of the Court Services Division serve and execute mental health evaluation and involuntary commitment orders. Court Services Division deputies also transport these individuals to appropriate medical or mental health facilities within Gilmer County and outside our county.

The Court Services Division conducts fingerprint checks to ensure that applicants for firearms permits in Gilmer County meet standards set by the State of Georgia.

CRIMINAL INVESTIGATIONS DIVISION

The Criminal Investigations Division is commanded by Captain Brian Shepard.

This division consists of the Criminal Investigations Unit and the newly created Crime Suppression Unit. The Criminal Investigations Unit is responsible for conducting follow up investigations on preliminary reports submitted from the uniformed patrol division or other sources. The Crime Suppression Unit is primarily responsible for targeting violent criminals and those with outstanding felony warrants.

The Criminal Investigations Division is staffed by one captain, four detective sergeants, one crime suppression unit sergeant, two detective corporals, and two crime suppression unit corporals, who have received specialized training in the field of investigations.

Criminal Investigations Unit

The detectives investigate crimes against persons (such as assault, battery, robbery, stalking, kidnapping, sexual assault, rape, terroristic threats and domestic violence) and crimes against property (such as burglary, theft, criminal damage and auto theft). They also investigate suspicious or unattended deaths and suicides.

This unit is also responsible for investigating all crimes against children, such as cruelty to children, child molestation, enticing children and statutory rape. Missing adults and juvenile cases are also investigated by Criminal Investigations Unit.

While each detective in the Criminal Investigations Unit is trained as a generalist and is able to conduct investigations of reported crimes of any type, they are also trained in a specific area of investigations.

All of the detectives are assigned to one (or more) specific investigative duty:

- **General Assignment**
- **Crime Scene**
- **Burglary**
- **Financial Crimes**
- **Crimes against Children**
- **Family Violence**

At least two detectives are assigned to each of the above investigative areas.

The Criminal Investigations Unit maintains a Crime Scene Unit consisting of two trained detectives. The Crime Scene Detectives process and collect evidence as well as prepare any required documentation for presentation in subsequent court proceedings. The Crime Scene detectives also photograph or video tape items of evidentiary value found at crime scenes.

The Criminal Investigations Unit works closely with the Appalachian Circuit District Attorney's Office, partnering with assistant district attorneys and their investigators in preparing cases for successful prosecutions.

The Criminal Investigations Unit is also responsible for the agency Property and Evidence facility. All evidence, contraband and property obtained or seized by deputies is stored in this facility. The Criminal Investigations Unit is tasked with ensuring the security and accountability of all property and evidence held by the Gilmer County Sheriff's Office. One detective is assigned the additional duties of Property and Evidence custodian.

The Criminal Investigations Unit has one detective trained as a forensic interviewer of child victims. This detective works hand in hand with the Appalachian Children's Center while conducting criminal investigations involving child victims.

The Criminal Investigations Unit conducts regular "roll call" meetings with each shift in the Uniformed Patrol section. These meetings encourage a closer working relationship between detectives and patrol deputies which results in a better exchange of information leading to a higher clearance rate for reported crimes.

The Criminal Investigations Unit also conducts regularly scheduled multi-agency intelligence meetings. These meetings with other agencies develop better cooperation between different organizations and provide information that assists in identifying suspects conducting their crimes across jurisdictional boundaries.

The Criminal Investigations Unit also partners with the Georgia Bureau of Investigation on major case and drug related investigations.

Crime Suppression Unit (CSU)

The Crime Suppression Unit was formed at the direction of Sheriff Nicholson on June 1, 2019. The unit is made up of a sergeant and two deputies, all three of which are also K-9 handlers.

The unit is responsible for serving arrest warrants on violent or dangerous felons, other high risk arrest warrants and search warrants. The CSU also conducts extra patrols in areas that have experienced a rise in criminal activity, narcotics investigations and directed traffic enforcement.

The personnel assigned to the CSU have received additional advanced and specialized training that makes them better equipped to combat criminal activity in our county. The CSU works cooperatively with the Criminal Investigations Unit, Uniformed Patrol Division and other agencies such as the United States Marshal's Service.

K-9 Unit

The K-9 unit is part of the Crime Suppression Unit, and their primary responsibilities are the support of uniformed patrol deputies in the apprehending of offenders, detecting concealed illegal drugs, and tracking missing, lost or wanted persons. The K-9 unit is also available for community relations details and to assist other agencies when requested.

There are currently three K-9 teams in the Sheriff's Office. All three K-9 team are assigned to the Crime Suppression Unit of the Criminal Investigations Division. Each team works a regular shift and performs their assigned duties in addition to their K-9 responsibilities.

DETENTION DIVISION

The Gilmer County Sheriff's Office Detention Division is commanded by Captain Misty Williams, and is located at 106 Brett Dickey Memorial Drive in Ellijay. The Adult Detention Center staff consists of certified peace officers, a captain, two lieutenants and a corporal, five detention sergeants, four detention corporals and thirteen uniformed detention officers, as well as two civilian detention office staff members, and one civilian support person.

The Adult Detention Center is responsible for securely housing suspects arrested in Gilmer County while awaiting trial, persons convicted of misdemeanors and sentenced to jail for up to twelve months and convicted felons awaiting transfer to state prisons to begin their sentences. All persons taken into custody in Gilmer County, no matter what law enforcement agency made the arrest, are processed at the Adult Detention Center.

Detainees in the Adult Detention Center are separated by gender. Juveniles who are taken into custody may be booked at the Adult Detention Center but are housed at a Youth Detention Center unless they have been adjudicated as an adult by a competent court.

While housed at the Adult Detention Center, detainees are provided with all necessary medical treatment, food, and clothing. Detainees are provided access to a law library and exercise area regularly. Visitation with family and friends is done over video calls only. There is no current in person visitation.

A select few detainees get to take part in the detainee work crew. Those detainees assist in helping with building maintenance, laundry service, food preparation and general upkeep of the facility. This is all conducted under the supervision of an officer at all times day and night.

UNIFORMED PATROL DIVISION

The Uniformed Patrol Division is commanded by Captain Brian Crump. This division is part of the Field Operations Bureau. The Uniformed Patrol Division consists of the following units:

- Uniformed Patrol Section
- Explorer Post #442
- Training Unit
- Honor Guard
-

Uniformed Patrol Section

The deputies of the Uniformed Patrol Section are the most visible members of the agency. The Uniformed Patrol Section consists of one Captain, two Lieutenants, five Sergeants, four Corporals and fourteen Deputies. Uniformed Patrol deputies are the first responders to a citizen's call for law enforcement services within the unincorporated areas of Gilmer County. Uniformed Patrol deputies are on duty 24 hours a day, seven days a week. They work 12 hour shifts. There are two shifts, one day and one evening. Each shift is commanded by a Lieutenant who acts as Watch Commander.

The on-duty deputies are supervised by a shift Sergeant. Gilmer County is divided into three patrol zones, each of which has at least one deputy assigned.

Uniformed Patrol deputies are tasked with conducting preventative patrol, responding to both emergency and non-emergency requests for service, conducting preliminary investigations and writing initial reports, and making physical arrests when required.

Uniformed Patrol deputies also investigate traffic crashes, conduct traffic related enforcement and DUI enforcement.

Training Unit

One of the most important functions in any professional law enforcement agency is that of training. Sheriff Nicholson is committed to maintaining the highest level of training within our agency. This unit is responsible for coordinating the training function within the Sheriff's Office. The State of Georgia Peace Officer Standards and Training Council (POST) requires 20 hours of in-service training annually for law enforcement officers to maintain state certification. Agency policy requires that each sworn deputy receive 30 hours of training annually. During 2021, we averaged 90 hours of training for sworn personnel.

Training includes but is not limited to:

- Firearms requalification
- Less Lethal Weapons Refresher Training and Proficiency Testing
- De Escalation Techniques and Community Policing
- Use of Force Policy and Use of Deadly Force Policy Training
- Scenario Based Tactical Training
- Legal Updates

In addition to the in-service training provided by the Sheriff's Office, all personnel are encouraged to apply for advanced training courses outside the agency at facilities such as the Georgia Public Safety Training Center.

Explorer Post #442

The Gilmer County Sheriff's Office Explorer Program was developed to educate and involve young citizens in law enforcement, to interest them in possible law enforcement careers and to build mutual understanding between our youth and law enforcement. The educational aspect of exploring provides knowledge of the law enforcement function in one's community, whether one enters the career of law enforcement or not. Through involvement, the Explorer Program establishes an awareness of the complexities of police service.

The Gilmer County Sheriff's Office Explorer Post was chartered in 2008 by former deputies Sam Smith and James "Slugger" Strawbridge. Then Sergeant Brian Crump took over the post in 2010 after it had been idle for approximately one year. The Post was re-chartered in 2010 and consisted of three explorers, Senior Post Advisor Captain Brian Crump and associate advisors Corporal Jason Reed and Detective First Class Scott Camp. The post grew slowly for the first couple of years and then began to grow more rapidly. Corporal Clint Waldrip joined the post in 2011 as an associate advisor. In 2016, the Explorer Post had fourteen explorers participating. In 2014, our explorer post registered to participate in the annual explorer competition that takes place every year in Gatlinburg, Tennessee. This annual event includes explorer posts from states throughout the eastern United States. The explorer teams also compete in law enforcement themed competitions such as warrant service, handling domestic disputes, conducting traffic stops and responding to unknown trouble calls.

When not training for competitions, the explorers and their advisors meet on a bi-weekly basis. Our meetings consist of discussions and scenario based training on law enforcement topics.

OFFICE OF THE SHERIFF

The Office of the Sheriff consists of Sheriff, Stacy L. Nicholson, Chief Deputy Randy Moore, the Human Resources Unit, the State Certification Unit, and the Office of Professional Standards. The Office of the Sheriff is located at the Gilmer County Courthouse.

The Office of the Sheriff is the executive staff organization of our agency. It also functions as the administrative section. All members of the Office of the Sheriff report directly to Sheriff Nicholson or Chief Deputy Moore.

Human Resources Unit

The Human Resources Unit reports directly to the Chief Deputy. This unit is responsible for new applicant processing, employee records management, benefit management and worker's compensation claims processing.

Office of Professional Standards

The Office of Professional Standards is commanded by Captain Frank Copeland. In addition to the traditional "internal affairs" responsibility, the Office of Professional Standards also performs additional duties that ensure citizens and visitors to Gilmer County receive the most effective and efficient law enforcement services possible.

The Office of Professional Standards is divided into three units, each of which performs unique functions that contribute to maintaining and improving the outstanding service our agency provides to the community.

Internal Affairs Section

The Internal Affairs Unit was established by Sheriff Nicholson to provide the agency's "quality control" function. This Unit ensures that all personnel conduct their daily duties in accordance with Sheriff's Office policies and procedures as well as state and federal laws.

When a complaint of a serious nature is received, it is investigated by the Internal Affairs Unit. Allegations of a Sheriff's Office employee's inappropriate behavior, misconduct or failing to abide by agency policy or procedures are generally investigated by the Internal Affairs Unit. Complaints that are investigated by Internal Affairs:

- Allegations of Corruption and Perjury
- Gross Misconduct
- Allegations of Excessive Force or Brutality
- Use of Deadly Force
- Civil Rights Violations
- Sexual Harassment Complaints

- Harassment in the Workplace
- Any Administrative Investigations at the direction of the Sheriff

Allegations of a less serious nature are generally referred to the accused employee's division for investigation.

Certification Unit

This unit was created by Sheriff Nicholson in 2009 and is responsible for ensuring that the agency maintains compliance with all required standards of the Georgia Law Enforcement Certification program. In 2008, the Gilmer County Sheriff's Office became one of only 12 Sheriff's Offices in the State of Georgia to attain the coveted and respected Law Enforcement Certification.

The agency's certification is valid for three years. This program is voluntary and being awarded this certification reflects that the Gilmer County Sheriff's Office is among the "best of the best" of law enforcement agencies in the State of Georgia.

In February 2020 the agency underwent a thorough inspection by state assessors and was found to be in compliance with all applicable state standards. The Sheriff's Office was re-certified for three years as a result of this inspection. The agency will be re-inspected by state assessors in February of 2023.

The Certification Unit is also tasked with researching, applying for and administering funding through federal, state and private sector sources via grant programs. Obtaining funding through grants provides the agency with the ability to purchase state of the art equipment, technology and training that would not be available through the Sheriff's Office fiscal year budget. Funding through grants relieves some of the burden on already hard pressed budgets.

The Certification Unit became responsible for administering and coordinating the Citizens Law Enforcement Academy upon its creation in 2011.

Sexual Offender Registry and Background Investigations Unit

The Sexual Offender Registry and Background Investigations Unit is responsible for registering and tracking of all sex offenders located in Gilmer County in accordance with state and federal requirements. This unit is also tasked with conducting thorough and complete background checks on all applicants seeking employment with the Gilmer County Sheriff's Office.

Citizen's Law Enforcement Academy

Citizens Law Enforcement Academy Session 22-16

In May, 2011, at the direction of Sheriff Nicholson, the Gilmer County Sheriff's Office began the process of creating a Civilian Law Enforcement Academy (CLEA). In June, 2011 Sheriff Nicholson authorized the initial session of our CLEA and it began in August, 2011.

The course is conducted by the Gilmer County Sheriff's Office and all presenters in this program are Gilmer County Sheriff's Office employees. Topics include law and criminal procedures, conducting traffic stops, use of force, K-9 demonstrations, ride-alongs with patrol deputies and much more.

The primary goal of the program is to build a closer bond between the community and the agency through communication and education.

Students have full access to the sheriff's office, learning about everything from communications to court room security. Students do ride-alongs with uniform patrol deputies and other units. The students find CLEA an "eye-opening" experience and it gives them a new appreciation of the excellent service the sheriff's office provides. One student observed "This is a program that every citizen of Gilmer County should participate in!"

The Citizens Law Enforcement Academy is a free 14 week course that meets from 7 p.m. until 10:00 p.m. on consecutive Tuesdays.

The Academy is open to those who live or work in Gilmer County and are at least 21 years of age.

The Academy provides students with personal training and provides knowledge of law enforcement techniques and procedures in a friendly environment.

In 2022, the sheriff's office presented one CLEA session which graduated twelve participants.

Anyone interested in the CLEA may contact the course coordinator, Lieutenant George Ellis at 706-515-2654 or gellis@gilmersheriff.com

In Memoriam

Deputy Sheriff Brett C. Dickey

End of Watch: Tuesday, February 13, 1996

Deputy Sheriff Brett Dickey, a four year veteran, was shot and killed in the line of duty while attempting to serve an arrest warrant. Deputy Dickey was thirty years old.

We will never forget his ultimate sacrifice while protecting the citizens of Gilmer County.

“Blessed are the Peacemakers:

For they shall be called the children of God”

Matthew 5:9
